

The Weekly Ledger

Published at the P. O. in Mexico, Mo., and admitted as 2nd class matter.

There should be no permit for voters of the local option law, except in very exceptional cases. The idea that this law is a joke or is not to be enforced should prove without foundation.

HANNIBAL, MO., voted against the commission form of government Tuesday by a large majority.

PAY your bills promptly. The first of the month and help make Mexico a better city.

SOME people have no use for their local newspapers except to use them.

THE Farmer Forum editorially says: "M. W. White, associate editor of the Mexico Ledger, is fast becoming one of the most prominent young newspaper men of the State. He delivered a splendid address last week at a meeting of the National Editorial Association at Houston, Texas."

THE Natchez, Mo. Mail editorially says: "Friday Afternoon, the success in the Ledger this week for the election as President Judge of Andrew County, Judge Carter has made a fine record. He rendered the county signal service in causing the elimination of pool halls and throughout his term has left every effort toward advancing the interests of Andrew. Up to date, he has no opposition and it is not thought he will have."

SOME women are like some men, they don't care to vote. In fact, some men brag because they never bother to vote. What do you suppose would become of this country if men and women did not take some interest in the election of our public officials? A man or woman either would be ashamed to brag that they take no interest in public affairs.

EX-CONGRESSMAN RICHARD P. NORTON of Troy, Mo., was in Mexico shaking hands with friends this week. Col. Dick is taking life easy and is practicing law a little on the side just because he likes it.

YOU can't help make Mexico a greater city by making the bill collectors to call again a dozen times to collect an account of less than a dollar.

THERE is nothing startling in the story that Hester is in pressing need of money; that state of things being the backbone of the states quo.

WOMEN really ought not to take politics as seriously as did Mrs. Callahan in Paris, who shot an opposition editor.

FIREMEN in Norway and Sweden are forming a mackerel trust. However, the mackerel trust remains true to its Democratic principles.

RAY GASS, son of Mr. and Mrs. Howard Gass, of Jefferson City, has been appointed assistant auditor of the public commission at a salary of \$2,400 a year. Mr. Gass is an Andalusian county boy. He will move his family to Jefferson City from Kansas City May 1, when he assumes his new duties.

ONE of Mexico's most prominent merchants is talking with a representative of the Ledger this week about the new law. The Ledger that "the nearer our business men get to a cash basis, the better it would be for both the buyer and seller." Some people seem to think it is very smart to postpone paying an account, no matter how small, as long as possible. We know merchants in Mexico who are borrowing money and paying interest, to carry customers who have money loaned out. If everybody would settle their accounts at least once every month, money would be much easier.

THE police should look after peddlers and beggars. Some of them are "working" without a permit. If they don't govern themselves accordingly, the voters should get busy and send somebody who will represent the people of their district and there is one sure way to make them stay on the job.

SOME of the merchants in Mexico who "roast" the country people for patronizing mail order houses do the same thing themselves.

A WRITER in a New York paper quoting two opinions one to the effect that Speaker Clark's address on the Toll Question was wholly foolish and the other to the effect that it was the greatest effort of Speaker Clark's life says that "both of these opinions are correct."

THE people of Mexico are in favor of strictly enforcing the local option law. Bootleggers are not going to have their fines remitted and the \$300 minimum penalty is not going to prevail very long. If the violators of the law think they are smart in trying to discredit the local option law, probably a year in jail will give them time to think about it.

THERE is nothing like an arrest or two to stop violators of a law. Requests and public notices have no effect, just one arrest will do it.

THE Democrats and people generally of the Ninth Congressional District of Missouri are behind President Wilson in his contention on the Panama Toll Question and for his efforts to control the Mexican situation without war.

THE Mexico Ledger is in favor of the move to make school houses the center of public activity. School houses belong to the people and should be open free for public meetings and public organizations that are for the good of the community. Our school houses should be open most extensively for availability to serve the people's needs.

PLAN TO EXTEND ELECTRIC LINE NORTH AND SOUTH.

W. W. Fry addressed the Commercial Club luncheon, Friday, and submitted a proposition to extend the electric line north from Mexico to Santa Fe, 7 miles, and south to Prairie View, 7 miles. Santa Fe is to raise \$10,000, \$5,000 of which has already been pledged; Mexico, \$12,500 of which \$2,500 will be given by the people living on the line south of town. The subscriptions are to be made in 60 days, but none of the money is to be paid until the line is in operation. At the completion of the north extension, 10-15 of the subscription is to be paid and at the completion of the south extension, the balance will be paid. The proposed extension will cost about \$25,000 and the Mexico Investment Co., owner of the line, will furnish the \$25,000 not raised by subscriptions. They agree to make a rate of 50 cents for round trip to and from Mexico and Santa Fe and 25 cents from Prairie View and return. They will also run cars to the Fair Grounds. No one will be asked to subscribe over \$100.

Rufus Jackson explained the plan of Commercial Club's electric horse stake at the Mexico Fair, this year, as follows: There are to be three champion rings, one for stallions, one for mares and one for geldings, and a grand champion stake; the three rings to have a purse of \$400 each and the champion stake one of \$200. One per cent of the purse will be charged to maintain, an additional 1 percent to show, 5 percent to be paid by the money winners. The \$1000 to be underwritten by at least fifty men, none of them to pay over \$100 deficit, should any occur. A committee is to be appointed to circulate the petition.

Sam Morris read a letter from E. A. Zander, who is to open a glove factory in Mexico stating he cannot get here until the middle of May on account of sickness.

SUP. PRYOR ON PROGRAM.
At the annual convention of the County Superintendents of Public Schools, which opens at Jefferson City, Tuesday, Superintendent of Schools Herbert Pryor, of this city, will give the report of the committee on "Supply and Training of Elementary Teachers." This convention promises to be one of the most important educational gatherings ever held in this State.

Mrs. Adams and Misses Dickinson, Rix, Gupion and Lawrence, all of Harris College, went to Columbia Monday to attend the Police Lane concert.

Ivan Ashworth is home from a business trip to Jefferson City.

THOSE who are contemplating the violation of the local option law in Mexico and Andalusian County have had plenty of notice that they can't get away with the goods. These laws are going to be enforced and the \$300 penalty is the least you may expect. If the \$300 fine won't do the business, probably imprisonment will.

PRESIDENT WILSON has proven to be a record breaker in a number of ways and he is also going to break another record in the number of White House weddings, as another of his daughters will become a bride in May. Secretary McAdoo who is a widower with six children is to be the happy bridegroom.

PEDDLERS and beggars are becoming a nuisance in Mexico and the police should look after them. We understand that peddlers and beggars are both "working" without any permits. We have heard merchants and home charity. We are reliably informed that one beggar who "worked" in Mexico two days this week got \$15.00 and had plenty of money when he reached here.

MEMBERS of Congress who are endeavoring to discredit President Wilson just like they did Grover Cleveland should be looked after by some people. If they don't represent their constituency, the voters at home should notify them.

If they don't govern themselves accordingly, the voters should get busy and send somebody who will represent the people of their district and there is one sure way to make them stay on the job.

Chalmers "Light Six"

A Car of Highest Quality at a Quantity Price—\$1800

Never before has it been possible for \$1800 to buy so much quality, such wonderful performance, such beauty, so much pride of ownership in a car. For the Chalmers "Light Six" is built throughout to meet a standard; not to fit a price.

First the Chalmers engineers designed this wonderful "Light Six" to be the best car of its class on the market. Then the Chalmers factory figured the cost on the basis of a thousand cars.

That's how we are able to sell this great car at \$1800. If the Chalmers "Light Six" was built in hundreds instead of thousands, it would cost at least \$1000 more.

And you get in the Chalmers "Light Six" at \$1800 the high grade materials, the fine workmanship, the smoothness, the luxurious comfort, the beauty and pride of possession that cost twice as much a few years ago.

In every detail the Chalmers "Light Six" is the kind of a car you ought to own. It costs no more than a four, yet is a real "Six." Manufactured complete in the big Chalmers factory.

Its small bore and long stroke T-head motor makes it economical to drive.

Its perfect balance and careful design insure a long wearing and comfortable car.

Its luxury and completeness are the kind you expect in a \$3000 car.

And because it is a Chalmers, built and guaranteed by one of the strongest companies in the country, it has a prestige far greater than its price of \$1800 would indicate.

Let us tell you all about this great new Chalmers. Convince yourself that every claim we make is true.

Then place your order at once. Now is the time you want your car and we make prompt deliveries on orders placed at this time.

CLASS OF 1914 TO DECIDE THE DATE OF ALUMNI BANQUET.

At a meeting of High School alumni at the Hoffman High School, Thursday evening, it was voted to let the graduating class of 1914 decide on the date of the second annual banquet.

At the beginning of the meeting it was voted to have Mrs. Mary Dearling, first vice-president, take charge of the banquet and appoint the committees needed. Mrs. Dearling, the president of the alumni association, is in California.

The price of tickets this year will be 75 cents each and no one except alumni, wives and husbands of alumni, and guests invited by the Executive Committee will be admitted to the banquet, by eliminating guests it is thought there will be room for the alumni at the high school, although the location has not been decided upon. This is left to the Alumni Committee who will change it at any time so as to accommodate the alumni.

The banquet will be notified by the Executive Committee and asked to answer whether or not they will be present. The sale of tickets will probably start in a week.

The committees appointed by Mrs. Dearling to take charge follow: Program—Miss Frances Mason, chairman; Misses Elizabeth Gill, Ruth Mason, Marie Black, Frank Black, Charles Barnes, Henry Lewis.

Mrs. Mrs. Green Adams, chairman; Mrs. Rose Carstensen, Mrs. P. A. St. Vrain, Miss Annie Lewis, Harriet Winans, Mildred Wallace.

Invitation—J. R. Jesse, chairman; Herbert Plunkett, Miss Frances Glandon, Mrs. Sam Sharp, Sid House.

Committee on Finance—Sam Sharp, chairman; Mrs. Elizabeth Price, Louis Winans, Ralph Covington, Dorothy Holmes, Maurice Phillip, Walker Burns.

CHAMBERLAIN'S LINIMENT.
This preparation is intended especially for rheumatism, lame back, sprains and all ailments. It is a favorite with people who are well acquainted with its splendid qualities.

Mrs. J. A. Galtie presented Saturday in the absence of Mrs. S. P. Emmons, president, and L. M. White, vice-president. The meeting was opened with a prayer. Mrs. H. M. White read the national suffrage hymn and the constitution and by-laws of the Missouri Equal Suffrage Association was read by the secretary.

It was voted that the constitution of the local organization be presented to Congress, asking for the adoption of the Shroth Amendment to the Constitution (favoring Equal Suffrage). This amendment was read before the meeting in this city.

Saturday was National Equal Suffrage Day and petitions from women on all over the country were presented to Congress, asking for the adoption of the Shroth Amendment to the Constitution (favoring Equal Suffrage). This amendment was read before the meeting in this city.

Each member present pledged herself to try and secure a new member before May 11.

HAILSTORM STRIKES NORTH OF MEXICO.

A terrific hail storm struck the country north of Mexico Sunday evening, doing a great deal of damage to a strip about 2 miles wide from Salinas to the west to Waco, east of town, a distance of about 15 miles. The damage was heaviest about 7 miles north.

The trees were completely stripped and the fruit crop was thought to be ruined. The wheat which was well up in badly damaged, most of the crop being destroyed.

Are corn crops, however, are thought not to be seriously injured. In some places the storm was so terrific, windows were broken and shingles were torn from the roofs.

Dr. N. R. Roden, who was just in the center of the territory struck by the storm, said it made a loud roar audible for several miles. All telephone lines in that section are down and very few details can be secured.

At Salinas Bybee's house, a windmill was broken out and the fruit destroyed. Miss Barbara Johnson, who was at Stella Carter's during the storm, says some of the hailstones measured five inches in circumference which makes them about 1.2 inches in diameter. Crops on J. T. Johnson's Flat Branch farm were damaged.

Damage Around Sturgis.
A hail, wind and rain storm visited this vicinity this afternoon and destroyed thousands of dollars worth of property. All orchards and growing wheat were damaged; windows broken and roofs torn up.

Several persons were caught in the storm and injured. It is thought Mrs. Fred Holloway was seriously hurt by the hail.

HELPFUL WORDS
From a Mexico Citizen.
Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys.

If so, there is danger in delay. Weak kidneys get fast weaker. Give your trouble prompt attention.

Down's Kidney Pills are for weak kidneys. Your nephrons use and recommend them.

Read this Mexico testimony: Mrs. T. Bellows, 1012 W. Liberty St., Mexico, Mo., says: "Years ago, I was a terrible sufferer from kidney complaint. The disease affected me so badly that I couldn't get out and the pains were awful. I doctored and used remedies but had no relief until I took Down's Kidney Pills. They brought great benefit."

Price 50c. at all dealers. Don't ask for a kidney remedy—get Down's Kidney Pills—the name that Mrs. Dolans had. Foster-Milburn Co., Props., Buffalo, N. Y.
